MOROCCO HEALTH FINANCING STRATEGY

KHADIJA FARIJI
ACTUARIAL ENGINEER

HEAD OF HEALTH ECONOMIC UNIT
FOCAL POINT OF NATIONAL HEALTH ACCOUNT
MINISTRY OF HEALTH
MOROCCO

Challenges	Causes	Strategic Directions
<p>1. High out-of-pocket payment, attaining 54% of total health expenditure</p> <p>Goal 2 UHC</p> <p>Financial protection</p>	<p>Low health investment:</p> <ul style="list-style-type: none"> - Health is not a priority - Low budget use (management, implementation) - Weak advocacy <p>Non covered informal sector and independents workers:</p> <ul style="list-style-type: none"> - Difficulty to identify population of the informal sector - Absence of mechanisms and tools to cover this population and monitoring (targeting, estimation of the contribution...) 	<p>Revenue raising:</p> <p>Advocacy to invest more in health: increase budget (innovative financing mechanisms: taxes on tobacco, luxury goods, unhealthy foods taxes)</p> <p>Pooling:</p> <p>Developing roadmap to identify the non-covered population and implement coverage scheme</p>

Challenges	Causes	Strategic Directions
2. Inefficiency in using health resources	<p>Underutilization of generics</p> <p>Lack of performance based payments</p> <p>Maldistribution of HR:</p> <ul style="list-style-type: none"> - Weak health Governance <p>Fragmentation of insurance funds/ schemes:</p> <ul style="list-style-type: none"> - Historically fragmented funds - Absence of a strategy of health coverage of all population 	<p>Pooling, Purchasing:</p> <p>Strengthening health Governance (health map, implementation of performance based payments)</p> <p>Developing a balanced, motivated, well distributed and managed health workforce</p> <p>Integration of insurance funds/ schemes and standardize Essential Health Package</p>
<p>Goal 2 UHC</p> <p>Financial protection</p>		

(Rabat: 26-29 September 2016)

Challenges	Causes	Strategic Directions
3. Poor quality of care in public health facilities	<p>Lack of HR</p> <ul style="list-style-type: none"> - Lack of HR planning - Limited recruitment - Insufficient in-service training <p>Insufficient of facilities and weak accreditation</p> <p>Insufficient of essential technologies and drugs</p> <p>Low investment in Primary Health Care and family medicine</p>	<p>Revenue raising:</p> <p>Strengthening contribution of the private health sector towards public health and regulating it to ensure quality and prevent illicit practices</p> <p>Managing health workforce</p> <p>Developing family practice for the delivery of primary care services</p> <p>Improve access and rational use of essential technologies and medicines</p>
<p>Goal 3:</p> <p>Improve quality of care</p>		

Challenges	Causes	Strategic Directions
4. Unavailability of covered services	<p>Large Health Package (all diseases are included except plastic surgery)</p> <ul style="list-style-type: none"> - Historically acquired 	<p>Purchasing:</p> <p>Redefine Essential Health Benefit Package and ensure its availability in public and private sector</p>
<p>Goal 1: Reduce gaps between needs and utilization</p>	<p>Inequity in distribution of health care</p> <ul style="list-style-type: none"> - Lack of health map to regulate the supply 	<p>Implementation of the health map</p> <p>Expanding the production and distribution of workforce, employing an incentive system to attract and retain health workers in remote areas</p>
	<p>Lack public-private partnership (PPP)</p>	<p>Develop public-private partnership</p>

Thank You
