

# AfHEA 2016 Pre-Conference Training Workshop

Monday 26<sup>th</sup> September, 2016: 9.00am – 1.00pm

AfHEA, in conjunction with partners at the International Decision Support Initiative, is pleased to offer a workshop for participants interested in evidence generation to support decision making about Health Benefits Package Design.

## Health Technology Assessment for Universal Health Coverage Package Design

- **Audience:** Introductory course for both researchers and policy makers. Those with no prior experience in health economics or health technology assessment are welcome to apply.
- **Objectives:** This workshop will introduce some fundamental principles of sustainable Health Benefits Package design for UHC and its interlinkages with Health Technology Assessment to inform decision making for priority setting in health.
- **Delivered by:** PRICELESS SA and IDSI partners.
- Followed by open meeting of the IDSI sub-Saharan Africa network: 2-3pm

Visit [www.afhea.org](http://www.afhea.org) for more information on how to apply.
